ALLIES & ORGANIZATIONS

Coming from a failed magic experiment, all his memories wiped out except that last, painful moment which is consistantly repeating in his head. Sometimes, when his mind is peaceful after days of not remembering it, it comes back, repeating in his head. It was when he got tested on by a wizard after volunteering to get tested on for gold. What he didnt know is that the magic would fail, instead, this happened. A painful shock wave, in only that room, wipes out every last bit of his memory. He remembers it in vivid detail how much it hurts, but the rest of his memory? Nothing he remembers. He searces for his memory back.. He wants to know who he really is, what he is, WHY he is. Except, he doesnt know. He heard from the wizard, who casted some form of spell to save him, that it could be in one of three kingdoms in Velaris, including Caer hollow. After spending 1 year searching in the other two kingdoms, he became a criminal along the way, so he could make a living instead of being poor with no currency to live. Now he is in the wonderful city of Caer Hollow, hoping to find atleast a trace of some of his memory.
